Stanhope council meets, sets rates for firefighters

STANHOPE — Council for the Township met last Wednesday with all members present.

Council acknowledged receipt of a petition from ratepayers submitted by Harvey Kerr, with respect to a proposed dead ending of the Old Hawk Lake Road.

Clerk Gerald Bain was directed to obtain a survey describing an eight foot parcel of land at a location to be marked by the road superintendent after consulting with Mr. Kerr and Mr. Bob Mathews of the Ministry of Transportation and Communications.

Council accepted the tender of $34,400.50 (including the sales tax) from Boice Motor Sales of Haliburton for the supply of one diesel truck cab and chassis as per specifications as advertised and submitted by tender dated June 30, 1981.

Remuneration was authorized to local firemen at a rate of $6.98 per hour for all calls received in response to accidents and or fires on Provincial highways and in Minden township respectively for which the costs of the Township of Stanhope will then be reimbursed.

Insurance coverage for township employees and others using municipal vehicles has been upgraded to cover liabilities incurred when accidents occur. The township will be covered for a total of $3,000,000 in the case of serious injury for any one cause.

Council had no objection to a proposal from the Kushog Island Bridge Inc., to occupy a water lot for the purpose of constructing a private bridge at a location on a plan prepared by the MNR dated 1981 providing all ratepayers are in agreement.

It is understood that all necessary approvals for the structure shall be obtained and the township is held harmless from any future liability which may arise as a result of this construction.

Council authorized a donation of $25 be made to the Haliburton County Horticultural Society for the most worthwhile service it is providing in the County and in Stanhope Township.

Road grader is stolen from twp

GLAMORGAN — Early Tuesday morning, August 25, an employee of Glamorgan Township, Vince Billings reported to Minden OPP that two tires had been flattened on the Township's road grade. Continuing the investigation the next day, it was determined someone had stolen the entire grader, driven it two miles down a side road and demolished a cabin.

The cabin, situated at Lot 34, Concession 5 of the township was owned by a resident of West Germany. The investigation continues. PC D. Potter.

Open sign is stolen from local restaurant, 2 are charged

MINDEN — At about 8:45 am on Sunday morning a 4x5 ft "Open" sign was roeevered from the rear of a van in the parking lot of the Brown Owl Restaurant here.

The sign had apparently just been stolen from Maggies Take-Out restaurant next door.

Charged with theft of the $100 sign were to Willowdale residents, James M. McNeilage 27 and Joseph P. Toule 24. PC Bill Clendenning.

Shuffleboards are new attraction at Head Lake

STANHOPE — The Ministry of Natural Resources Experience '81 program, in conjunction with the Haliburton County Snowmobile Association has just completed a very necessary and somewhat costly program in the township. This project, shown above, was the installation of this new bridge across the Beech River. Cost of the building materials and the labour was shared by MNR and the HCSA, while the work project itself was provided for by Stanhope's council. Snowmobilers who crossed over the previous bridge will note that this structure is a marked improvement and will also enable the HCSA groomer to cross the river this winter for trail grooming.

New bridge is installed now over Beech River

HALIBURTON — A new addition to the recreational facilities at Head Lake Park here, is this pair of shuffleboards. The new boards are just one of many attractions for both young and old, which include slides, bridges, flower gardens and a hump-backed bridge for all residents and visitors to enjoy.

EDITORALLY SPEAKING

Canada rail passenger service is on a siding

If the federal government had intended all along to kill rail passenger service in Canada it would have accomplished what it has done over the past 10 or 20 years.

It would have downgraded and allowed passenger service to deteriorate to the point that it could announce closing of some of the major VIA rail lines to save money, as it has done this summer.

The truth is, the government has had the VIA service on a siding for years.

The railway passenger who imagines he is on the fast track with the cross-Canada VIA service doesn't take long to realize his mistake. The track he is on most of the time is a siding, where the passenger train waits for lumbering freight trains to pass. . . . . VIA has spent most of its time over the past few years getting out of the way of freights.

It can now honestly say that people aren't using some of the lines enough and they are losing money. What it doesn't say is that the people aren't using the trains because VIA makes it as awkward as possible for them to do so.

As energy prices rise and shortages develop, passenger rail service looms more and more as the great mover of people in the future.

Anyone with any sense can see that. But not the government. And just at the time when we need rail passenger service the most, in Canada, it will be completely gone.

Mainstream Canada

Strike hurts smaller firms

By W. Roger Worth

The double whammy of 23% interest rates and the recent postal shutdown dealt a crippling blow to the smaller firms that are creating a majority of the country's new jobs.

Indeed, the price paid by smaller firms when orders didn't arrive and bills weren't paid is staggering. Bank loans had to be increased to cover payrolls, layoffs occurred, and hundreds of firms were forced to close shop.

Amid the confusion, the country's much-berated banks appeared to move mountains in their attempts to fill the breach for small business customers.

Several banks, for example, helped their customers by accepting payment for small business bills at one branch, then moving the money across the country to a supplier's account, all at no cost and within two days. That's better service than the post office provides at the best of times.

Other major banks loosened up the purse strings a little, increasing credit to small business customers who had trouble collecting bills as a result of the strike. And reports indicate that local branch managers, on the whole, became more sympathetic to the plight of hard-pressed independent business people.

Representing 60,000 owner-operators of small Canadian firms, the Canadian Federation of Independent Business effectively got the message across that small business was indeed faced with a crisis, and desparately needed the assistance of the banks, particularly at the branch level. The banks agreed to work with the CFIB, reviewing hardship cases when they were reported.

While the postal strike is now over, the basic issue remains: should unions have the right to tie up essential services?

For the answer to that question, ask any Canadian operating a small or medium-sized business. They are firmly opposed to such a policy, and with good reason. For them, the cost is prohibitive.

Nashville comes to Lindsay

Looking at Grandstand headliners from the past, the Lindsay Central Exhibition has always been known as a great supporter of Country Music. Over the years many Nashville Stars have appeared including Little Jimmy Dickens, Hank Snow, Billy Walker, Jean Shepard, Jeanne Pruett, Louis Mandrell and many others.

Saturday, September 26th will be another memorable day when the Lindsay Central Exhibition presents the sounds of Nashville once again, with PEGGY SUE & SONNY WRIGHT.

If the names don't ring a bell instantly, they will when you discover who the other members of their talented families are. PEGGY SUE is younger sister of well known singer Crystal Gayle and country superstar Loretta Lynn. When you hear the beautiful voice of Peggy Sue, you'll feel the same country warmth and feeling that comes from the music of her sister Loretta Lynn.

Sonny Wright comes from one of the oldest families in the Country Music business. His mother is the lady who gave many female country singers the big chance by breaking the ice for women in the business and she, of course, is Kitty Wells, who was made famous with her hit, "It Wasn't God Who Made Honkey Tonk Angels". Put these two talented families together, and you've got country music at its best.

Peggy Sue and Sonny Wright first met when they were working the Loretta Lynn Show, Sonny being the artist who fronted the show for Loretta, and Peggy Sue being Loretta's sister and co-writer of the hit song "Don't Come Home a Drinkin' With Lovin' on your mind". Peggy Sue and Sonny were later married and formed their own road show. They have appeared all over the United States and in Canada as well. They have also appeared as guests on the Mike Douglas Show, Hee Haw The Wilburn Brothers Show, Christmas at the Grand Ole Opry, The Bill Anderson Show, and Pop Goes the Country, just to name a few.

Peggy Sue and Sonny will appear along with the Blue Ridge Quartet, stars of the famous WWVA Jamboree in Wheeling, West Virginia. They also have their own television show, and have earned the distinction of being one of the top singing quartets in America.

If you're a lover of Country Music "Nashville Style", you can't afford to miss this great show, Saturday, September 26th.

OPP Golden Helmets now touring fall fairs

OPP Commissioner Harold Graham is pleased to announce the Ontario Provincial Police Motorcycle Precision Team, "The Golden Helmets," will commence its fall tour September 3.

All the volunteer riders in the Golden Helmets are experienced OPP motorcycle patrol officers. They are relieved of patrol work during the exhibition schedule when they have an opportunity to display the skill they use every day on some of Canada's most heavily travelled highways.

The 18-member Golden Helmets team was formed in 1963 and comes under the direction of Assistant Commissioner Jack Kay of the OPP Traffic Division.

Assistant Commissioner Kay emphasized that the Golden Helmets' performance is based on precision. "It should not be construed as trick or stunt riding," he said.

Haliburton takes 2-1 lead with 8-5 win over Dixie Lee team

HALIBURTON — The third game in the softball league playoff finals went Wednesday evening here with the home team winning 8-5 over Miden's Dixie Lee-Homestead, and takin ga 2-1 lead in the series.

The game ran the gambit of excitement with double plays, timely hits, outstanding catches and base running by both teams, giving the crowd lots to cheer about.

Haliburton opened the scoring in the first inning putting together two singles and a triple together for a 2-0 lead. Minden got one of these back in the third when Helen Burk walked, went to third on a single by Joan Paul and scored on a throwing error by Haliburton.

Things pretty well settled down through the next two innings with outstanding fielding gems by both sides. In the bottom of the fifth Haliburton wrapped up the contest with three runs on four walks and two singles to take a 5-1 lead.

Minden got one back in the top of the sixth on a single up the middle by Marg Fielding and a double to left by Helen Burk making the score 5-2.

In the bottom of the inning Haliburton salted the game away with another three run outburst. Starting pitcher Andrea Burk (who took the loss) was removed after giving up a walk to the leadoff batter and Nelda Cully was brought in. Nelda gave up two singles and a pair of walks before retiring the side but the damage was done as Haliburton now led 8-2.

Minden gave them a scare in the top of the 7th inning when three DL gals crossed the plate on a pair of leadoff singles and a double by Ann Hewson, she scored on a sacrifice fly by Wendy Gough. Marg Fielding popped to third base to end the game and hand Haliburton their 2-1 series lead. The fourth and possible final game in this series will go Tuesday at 7 pm in Minden. Nancy Maughan picked up the win for Haliburton, giving up five runs on eleven hits, walked six and struck out one. Andrea Burk yielded six runs on six hits, walked eight and Cully gave up two runs on two hits and walked one.

10 promising YBC Bowlers win $200.00 scholarships

The Ontario Division of the Youth Bowling Council in co-operation with the Bowling Proprietors' Association of Ontario has again awarded provincial scholarships worth $200 each to 10 promising YBC members who are planning to further their education above the secondary school level.

Forty-five applications from all over Ontario were received by this year's scholarship committee, made up of five directors of the BPAO. The committee independently evaluates each application on a scholastic performance, bowling activity, community activity, references by others and personal essays. The results of each evaluation are then compiled and scholarships are awarded to the ten who rank the highest.

This year's winners are: Michael Jacka, Blenhiem; Helen Dixon, Scarborough; Donna Táylor, Bow manville; Adele Charlebois, Peterborough; Stephen Kinnon, Scarborough; Robert Roe, Sarnia; Mathew Thompson, Richmond Hill; Sheri Hallman, Waterloo; Maria Uhrig, Scarborough and Sharon Partridge of Scarborough.

Doors ready to open on forest industries show

FOREST INDUSTRIES EQUIPMENT EXHIBITION at Lansdowne Park, Ottawa, September 16 to 18, will occupy 10 acres of indoor and outdoor exhibit space to display latest equipment from more than 200 companies.

What's new in equipment for forestry, logging, sawmilling, road building, truck transportation and heavy construction will be brought together at a massive exhibition in Ottawa, September 16 to 18th.

The tenth biennial Forest Industries Equipment Exhibition will occupy 10 acres of exhibit space in two buildings and a huge outdoor area at Lansdowne Park to display latest equipment ranging from chainsaws and tree harvesters to trucks and road building machinery.

"More than 200 manufacturers and distributors of logging, sawmill and related forest industries equipment are represented in this year's exhibits," said Brian Jones, show manager.

"Much of the machinery on display such as crawler tractors, loaders, graders, hoists and other equipment also has application in the heavy construction field. In addition, major exhibits will feature heavy-duty trucks, trailers and related truck equipment."

A comprehensive three-day seminar program of special clinics, demonstrations and technical papers has been organized in conjunction with the equipment displays.

"The first day is being devoted to seminars conducted by Forintek Canada Corp. Eastern Forest Products Laboratory," Jones said. "Topics to be discussed in both English and French include the outlook for forest energy in Eastern Canada and the economic feasibility of the industrial use of wood for energy."

A two-day program of new product demonstrations, technical papers and "how to" sessions presented by major exhibitors is also featured. "These sessions will enable visitors to discover latest products, ideas and new technology from many of the industry's leading suppliers," Jones said.

More than 7,000 registered buyers, specifiers and equipment users from the forest industries, logging and woodlands operations, sawmilling, truck transportation, heavy construction and related industries are expected to attend the show. Among them will be representatives of senior management, engineering and purchasing as well as supervisory, production and operating staffs.

Opening at 9 a.m. Wednesday, September 16, the show hours are 9:00 a.m. to 5:00 p.m. Wednesday and Thursday, and 9:00 a.m. to 3:00 p.m. Friday, September 18th.

For more information contact the Forest Industries Equipment Exhibition 1450 Don Mills Road, Don Mills, Ont. M3B 2X7. Telephone (416)445-6641.

MASTERCHARGE —o— CHARGEX

SENIORS...
ONTARIO PROPERTY TAX GRANT APPLICATIONS.

Last year Ontario replaced its system of Tax Credits for seniors with a new program of Property and Sales Tax Grants to help offset municipal, school and retail sales taxes. The Property Tax Grant of up to $500 per household is provided in two installments annually. The Sales Tax Grant is an automatic $50 paid each year to all Ontario residents 65 and over.

PROPERTY TAX GRANTS

APPLICATIONS
The 1980 Property Tax Grant was paid to recipients in one payment. In 1981, the Grant is being paid in two installments. The first payment, sent automatically in the spring, was equal to one-half the amount of your 1980 Grant.

To qualify for the final installment you **must** submit an application to the Ministry of Revenue.

If you receive the federal Old Age Security pension, and are eligible, you will receive this application for your Property Tax Grant during the **first half of September, 1981.** Those who reach the age of 65 between now and December will receive their applications early in 1982.

Seniors who are not eligible for federal Old Age Security payments, but who have previously established eligibility for the Property Tax Grant will also receive an application.

The Ministry of Revenue is mailing applications only to those seniors who are thought to be eligible. If you do not receive an application by September 21 and feel you qualify, please contact our toll-free Information Centre.

ELIGIBILITY
If you're 65 or over and own or rent your home you're eligible for the Property Tax Grant of up to $500.

If you rent your grant will total 20% of your rent or $500, whichever is less.

If you own your principal residence your grant will equal the amount of your property taxes or $500, whichever is less.

If you are married and reside with your spouse or if you share accommodation with someone over 65, only one grant will be paid per household.

If you share your home with anyone over 65 other than your spouse, the grant will be apportioned according to rent or property tax paid.

Take care to complete your application form accurately!

Take a few extra minutes to fill out your application; and then check it again for accuracy. This makes it much easier for the Ministry to process your form and get your cheque to you.

Cheques will be mailed beginning the latter part of October.

EXCEPTIONS
If you reside in a nursing home, a home for the aged or similar institution, you're not eligible for the Property Tax Grant unless you pay for the full cost of your care and the institution pays municipal and school taxes.

If you reside in a tax-exempt property, you are not eligible.

However, if you move into a tax-exempt property or a nursing home, home for the aged or similar institution during 1981, you are eligible for a Property Tax Grant based on your occupancy costs prior to your move.

If you moved permanently to Ontario during 1981, your Property Tax Grant is based on the time you resided in Ontario.

SALES TAX GRANTS

The $50 Sales Tax Grant cheques will be distributed automatically to all Ontario seniors in October.
